

June District Meeting DCM Report

July 11th, 2023

Good evening,

I received an email from Cristine the Area Chair requesting that the GSR's from the District get copies of the 12 x 12 motion to change verbiage to original text and motion to have the translation of the 12 Steps in the Plain and Simple language translation omitted. I also received request for attendance of the GSR's at the ACM in August via Zoom to vote on these 2 motions.

I am still working on updating the groups in the district and completing a list of the GSR's for quick reference and the ability to contact them more efficiently. I attended a tailgating meeting with District 6 and was inspired to try getting to know different groups and to get more interest generated in service work through these events. I am hoping that this is something that our District would like to try.

I am excited to have been invited to the West Central Regional Forum in Montana! I plan on attending and hope that our District will support me in doing so.

Thank you for letting me serve,

Kathy Miller
